*Find Lowest Prices On Specialty Hidden Cameras for the Home or Office*

**9/04/04** - [Nanny cams \(http://www.spy-tools-directory.com/surveillance-equipment/nanny-cams.html\)](http://www.spy-tools-directory.com/surveillance-equipment/nanny-cams.html), or hidden spy cameras disguised to appear as everyday household items such as clock radios, teddy bears, plants, lamps, or books, are now available in the Surveillance Equipment category of the Spy Tools Directory, announced today.

The [nanny cams](#) category marks yet another expansion for the website which has seen its popularity explode since its launch last year.

"The [nanny cam](#) category is just another example of meeting the demand of our site visitors," explained Steve Salm, lead editor for the directory. "We receive a lot of traffic from people looking to buy spy cameras, and receive a lot of feedback from those who are looking for more specific products, such as nanny cams. By adding this new category, we hope to better serve our visitors in finding the information they are looking for."

The new category features the latest in wireless [nanny cam](#) systems, designed to deliver high quality video surveillance and provide an ease of use suitable for those not familiar with operating spy cameras.

"These [nanny cam](#) systems are all very easy to use - in most cases you simply plug in the [nanny cam](#), then connect a small wireless receiver to your computer or VCR, and you're all set to monitor any area of your home or office, " said Salm.
