Net Detective Gaining In Popularity

Detective Software Program Showing Increased Interest At Spy Tools Directory

10/06/04 - [Net Detective](http://www.spy-tools-directory.com/spy-software/net-detective.html) (<http://www.spy-tools-directory.com/spy-software/net-detective.html>), the highly acclaimed online detective software and background check tool, is becoming the most visited section of the Spy Tools Directory, evidence to the increasing popularity of this powerful private investigation program.

"With kids going back to school, new neighbors moving into the neighborhood, and new graduates starting jobs in the fall, [Net Detective](#) is a perfect choice for those who need to perform background checks, verify employment histories, or find out if others are representing themselves honestly in order to protect themselves and their families," said Steve Salm, lead editor for the Directory. "Our site has definitely noticed an increase in traffic to our [Net Detective](#) section, where we maintain a wealth of resources to help people find out where to [buy Net Detective](#), read reviews of the system, or compare pricing and find the [lowest price on Net Detective](#)."

[Net Detective](#) is a comprehensive online database, accessed after paying a one-time fee, which enables users to perform background checks on virtually anyone. [Net Detective](#) can help its users to retrieve such information as criminal histories, employment histories, find unlisted phone numbers, locate hidden assets, find missing persons, people search, perform background checks, learn how to identify or find out how phone taps are placed, and more.

"[Net Detective](#) was chosen as our Editor's Pick earlier this year, which is an honor we like to bestow on products we feel provide our visitors with exceptional performance and value," continued Salm.
