Spy Watches Now Available Through Spy Tools Directory

Covert Spy Listening Device Secretly Records, Doubles as MP3 Player

01/24/06 - The '[spy gadgets](#)' category of the Spy Tools Directory expanded today with the addition of the [spy watch](http://www.spy-tools-directory.com/spy-gadgets/spy-watch.html) (<http://www.spy-tools-directory.com/spy-gadgets/spy-watch.html>) section, offering its site visitors access to one of the latest in high-tech listening devices.

The spy watch, a digital recording device, incorporates a voice recorder with multi media player and integrated 256MB flash memory. A fully functional time piece, the item has the capability of up to 9 hours of voice recording and doubles as an MP3 player, allowing the user to upload/download MP3 files for playback. Perfect for recording notes, reminders, or listening to music without the need for bulky devices.

The [spy watch](#) features a USB plug and play design making it simple to listen to recorded files on a personal computer via Windows Media Player, or simply listen to files directly with included stereo headphones which connect to the watch itself.

For more information on the [spy watch](#), please visit the '[spy gadgets](#)' category of the [Spy Tools Directory](#) online at: <http://www.spy-tools-directory.com>
