Record Cell Phone Conversations at Spy Tools Directory

Online Private Investigation Resource Offers Cell Phone Recording Tools

02/15/07 - Tools enabling cell phone users to record conversations are now available online through the "[Record Cell Phone Conversations](#)" category of the Spy Tools Directory (<http://www.spy-tools-directory.com/surveillance-equipment/record-cell-phone.html>), the site announced today.

"The ability to digitally record cell phone conversations is not only a valuable asset to the private investigation industry, but to the business industry as a whole," said a spokesperson for the website. "Whether it's to help a client gather evidence as part of an investigation, or used by business person on the go who can't remember all the exact details of a business call while in transit, the ability to record and play back cell phone conversations will soon be a standard part of every day communications."

The "[Record Cell Phone Conversations](#)" category of the Directory features products, information, and website listings where visitors can find digital recording accessories compatible with cell phones as well as equipment-free solutions for recording cell phone conversations.
